MARINE SAFETY ADVISORY No. 20-19

To: Owners/Operators, Masters, Nautical Inspectors, Recognized Organizations

Subject: MULTIPLE LOAD LINE ASSIGNMENT BOOK REVISION

Date: 23 July 2019 (renewed 23 July 2023)

Please be advised that with the revision of Republic of the Marshall Islands (RMI) Marine Notice [2-015-2](#), the RMI Multiple Load Line Assignment Book (Assignment Book) has also undergone revision. The revisions authorize the vessel Master to record the change of freeboard in the existing multiple load lines and endorse the Assignment Book without an attending Recognized Organization (RO) Surveyor. New Assignment Books will be issued following normal practice when the existing books expire.

In the interim, the Master may endorse the current Assignment Book on the "Surveyor" line. Although it is not necessary, should shipowners' representatives wish to obtain a new, updated Assignment Book, a written request may be made to technical@register-iri.com. It will be provided at the normal cost for each vessel and have the same expiration date as the current booklet.

This Advisory is applicable to existing, multiple Load Line Certificates only. Any request for new, additional International Load Line Certificates should be made in the normal manner through the RO.

This MSA is evaluated annually by the Administrator and expires one year after its issuance or renewal unless otherwise noted, superseded, or revoked.
