

» Tender Registrations

Registered tenders may be listed on the Official Record of Auxiliary Vessels and Other Appurtenances (MI-200-A) as part of the mother yacht's inventory and outfitting.

- Tenders 7, meters or more in Length Overall (LOA), of a mother yacht registered in the Republic of the Marshall Islands, may be voluntarily registered.
- A Tender Statement of Compliance is issued for a tender associated with any yacht that carries a Compliance Certificate.
- Tender registration eases import and export proceedings including customs declarations.
- The master must ensure that the operation of any tender associated with the mother yacht complies with local rules and regulations.
- Registered tenders are allowed to operate independently of the mothership.

Registered tenders may have unique names and are not limited to the customary Tender to (T/T) prefix.
